

Social Improvement Initiative Team

The SIIT is comprised of the Managing Director as the Team Leader and three office employees as Team Members. The team's objective is to gather information about welfare institutions that are concerned with children's care, elders' care or general character institutions and make relevant presentations and proposals to the Management Team, so that the appropriate sums may be donated. The SIIT is also responsible for arranging BLS (Basic Life Support), 1st Aid and other relevant seminars. Furthermore, the SIIT maintains EST's blood bank account and arranges for blood donations to be carried out by authorized personnel at Company's premises every six months.
